-GLR’s

- This position falls under the school, but they are the administrators of the FB pages which fall under PiP, so there is some spill over.
- Should there be a lead GLR position? Yes.

-Website

- There should be a place for people to make contributions to PiP on the website and also a place for company matches.
- Picnic information needs to be on there as well
- The best way to contain all of the information from PiP would be for the PiP website to have tabs for each committee instead of separate web pages to type in.
